Prof. (Dr.) Krishnendu Dutta
WBSES,
Principal, GGDK I

It has been a busy but fulfilling year in the Principal's chair. Taking charge of a newly established college in the middle of the pandemic had its odds, however, with the support of the group dedicated faculties and staff of the college, I have been able to address them and the college is perfectly ready to pursue its high ideals. The forced shift from the traditional chalk-board and classroom teaching to an on-line method of education has been the greatest challenge to all of us. This college too, had to prepare for it at a fast pace. In order to do so, certain infrastructural inclusions were required. In addition to that there was also a need to impress and convince everyone concerned towards the new, and necessary, mode of on-line education.

For the smooth functioning of the on-line mode some immediate long and short-term measures had to be taken, such as subscribing the 'Learning Management System' in place. With support from my colleagues regular classes were shifted to the Google Classrooms via Google Meet. Teachers and students were encouraged to use Google classroom, which has become in this brief period a repository of study materials, video lectures of classes and a very dependable interactive platform for teachers and students. Practical classes were conducted using Virtual Lab.

It was not enough to merely conduct classes virtually. The feel of a college rests upon extracurricular activities and interactions, hence competitions were held for students to make them adapt to the new mode in different ways. We decided to hold webinars the institutional best practice for this academic year, and that drew and acclimatized everyone to the on-line system. As the pandemic situation is still prevailing, the college at this moment is well settled to function on-or-off line mode for holding all co-curricular and extracurricular activities.

Since it is a new college, it needed to be structured and readied to match the criteria set down by the accreditation council (NAAC). Necessary steps such as arranging for Feedback, Alumni participation were undertaken. However, it was also necessary to address the needs of the students of this region, who were economically crippled by the pandemic conditions. Among the several steps taken, it is necessary to mention the reduction of fees and the involvement of the NSS unit to reach out to the nearby villages and extend help and support by providing food supplies from time to time.

As the Principal of the college, it gives me great pleasure for being a part of these commendable activities. I warmly welcome all our new entrants and I am sure they will join us in our future endeavours.

About our College

- ❑ Established in the year of 2015, affiliated to The University of Burdwan.
- ❑ Registered under section 2(f) and 12(B) of the UGC Act, 1956.
- ❑ Campus with 6.72 acres of land.
- ❑ The college offers new opportunities and imparts all-round education to the predominantly first-generation learners from the semi-urban and rural belts.
- ❑ The college aims for holistic development of its students and offers necessary facilities.
- ❑ The college is marching on the road to success with its group of young, energetic and dedicated teachers.
- ❑ The teaching learning activities of the college strictly adhere to the methodologies of Education 3.0, such as flip learning and blended learning along with an extensive use of ICTs.
- ❑ It has the most modern educational amenities, such as state-of-the-art laboratories, smart classrooms and a well-stocked library.
- ❑ Gender sensitization is valued among all the members of the college.

Vision

The vision of this college is to provide lifelong education which facilitates the academic, creative and professional excellence of our learners by nurturing their innate sensibilities and inculcating social values.

Mission

- ❑ To include learners from various socio-economic backgrounds and make higher education accessible and inclusive.
- ❑ To promote ICT enabled platforms for the purpose of effective teaching, learning and evaluation.
- ❑ To provide comprehensive idea about the changes and challenges in higher education as well as vocational opportunities, globally.
- ❑ To encourage creative as well as critical thinking and help the learners imbibe a collaborative team spirit.
- ❑ To inculcate the values of the communities among the future contributors of our society.

The Department of Physics has started functioning from the very inception of the college with the introduction of General course in Physics in 2015 under the aegis of the University of Burdwan. The department has begun to offer Honours course in this subject since 2016.

The department has an apposite number of proficient and accomplished faculties from prestigious institutions across the country. It is flourished with modern classrooms and well equipped laboratories. The laboratories are appropriate for electrical, electronic and optical experiments. The department is furnished with a computer laboratory as well. The college library has a huge collection of Physics books that provides with a balanced weightage of text and reference books.

The indomitable sincerity of the teachers is truly manifested through their vigorous effort of quenching the students' thirst for knowledge creating an effective and friendly learning environment. To impart knowledge, motivate the students and inspire their achievements are the mottos of this department which are the gateway of true learning.

C H E M I S T R Y

The Department of Chemistry of Government General Degree College at Kalna-1 started functioning in 2015 since the inception of the College and offers six semester undergraduate Honours in the subject under the affiliation of the University of Burdwan. Presently the intake capacity of the department is 15 under CBCS. The faculty members of the Department are fully committed to their duties and obligations. The Department laboratory is well equipped with state of the art instruments. The Departments continuous stride in academic excellence over the years is reflected in their teaching and their active engagement in research culture and publication of several research papers in reputed peer reviewed Journals. The teachers strive to continuously upgrade and keep abreast with the recent trends in the subject areas and also to infuse their students with values of dedication and diligence. The diverse qualifications of the faculty ensure expertise in all the traditional disciplines of chemistry as well as in various interdisciplinary areas. The department provides a conducive intellectual environment for the curious and inventive youngsters through departmental seminars and quiz. Classrooms offer a good deal of faculty-student interaction which strengthens the bond between them and academic flexibility to explore new pedagogies or approaches to teaching is extended to their benefit. Faculty members are available as academic advisers and engage in mentoring the students' with regard to the course and curriculum. The faculty members engage themselves in creative discussions on chemistry, science, career opportunities, and philosophy as well. Over the years the reputation of the Department has kept growing owing to the relentless work of the faculty members.

The Department of Mathematics being an integral part of a fledgling Institute in a rural part of Purba Bardhaman has started its journey since the inception of the College in 2015, offering three years B.Sc. (Hons.) and B.Sc.(Gen.) programme with a group of young dedicated, innovative and accomplished faculty members. In this department the relationship between faculty and student has primacy. The teachers are worked with our students and guiding them through our curriculum of study. The department is known for the quality of its teaching and mentoring. Students are always encouraged to take advantage of the many opportunities they have, to learn from the wisdom of our teachers, to work alongside them, to join them in interrogating ideas and to take intellectual risks. This department is a place where free and orderly thinking is cultivated, one where every idea is tested in a crucible of critical reflection. Thus we can boast off to promote this department as the best place to begin the thoughtful and arduous process of developing analytical habits of mind, a character of confidence and integrity and the discipline of respectful engagement with others. The salient features of grooming students in this department are that you must push yourself to always ask the next question, always take your thinking to another level, always view issues from an alternative perspective which a student ought to acquire while studying mathematics in his undergraduate programme. During this pandemic the department endeavours to facilitate all its students in the e-learning process through various virtual mods.

The Education Department of the College offers a six semester long B.A. (Honours and General) course since the inception of the College. The highly qualified and dedicated faculty members have made the Department an enviable centre of learning. It provides not only the desired academic support and guidance but also offers a spectrum of activities which is in consonance with the demands of society and global educational competitiveness.

The College library is well equipped with books and journals to allow the students to keep pace with the latest information and knowledge. The Department also emphasizes on continuous improvement in course curriculum, teaching and learning practices and evaluation methods to prepare the students with the current needs and high quality education. The Department has consistently yielded excellent results in both academic and co-curricular level.

Since the establishment of Govt. General Degree College at Kalna-1 in 2015, Department of Philosophy is engaged in spreading the knowledge amongst the society. Presently, the department offers UG with specialization (Honours) only, but UG with general course in philosophy is expected to commence from upcoming academic session.

Much of what is learned in philosophy can be applied in virtually any endeavor. This is both because philosophy touches so many subjects and, especially, because many of its methods can be used in various fields. Philosophy contributes uniquely to the development of expressive and communicative powers. It provides some of the basic tools of self-expression, here the faculty members train the students' to develop skills in presenting ideas through well-constructed, systematic arguments.

The department houses a dynamic mix of personnel having experience and expertise in various avenues of Philosophy who extend a hand of support and provide access to various hands-on experiences and opportunities to enhance learning process.

The main motto of the Department has always been to help our students to learn to become 'human' first and to achieve this, we strongly believe, the knowledge in Philosophy would definitely be one of the best weapons. To enrich the learning experience the Department has upgraded its library with various text and reference books on Philosophy and related subjects from various authors.

The journey of the Department of History started in 2015 with the introduction of Pass Course and Honours Course under the University of Burdwan. The intake capacity for the undergraduate programme Honours is Thirty one seats. The faculty members make every possible effort to meet all the expectations and solve the queries of the students pertaining to the curriculum as well as their personality development. The department takes great pride in the excellent results of the students in every semester under the CBCS system. The all round development of our students' is an important goal of our teaching learning endeavour and studying history will provide the young minds with a more rounded academic skillset and an improved ability to think critically – something they can take into the rest of their education.

The department continues to create an environment of igniting the minds of the learners through discourses on cutting-edge research in the discipline of history as well newly-emerging interdisciplinary fields. In a modern world where inclusivity is embraced no matter our background, an understanding of how past societies have integrated is key to humanity improving in the future are the valuable lessons taught by the team of skilled personnel.

The Department looks forward to a future of intellectual exchange at home and abroad, and to promote a better understanding of human experience through the lens of history.

Department of Bengali commenced its journey since the inception of the college. The department has continued to teach both Honours and General courses in the undergraduate level with success and satisfaction to all concerned. Currently, the department follows the CBCS system of education under the affiliation of The University of Burdwan.

Literature develops in students enduring values, such as integrity, compassion, loyalty and responsibility. The students of Bengali Language and Literature are offered the knowledge of Bengali grammar, history of Bengali literature. The texts students explore give them multiple opportunities to discuss and reassess their own values and beliefs. These act as a compass in life as students grow up. They develop a sense of individuality and creativity, as they develop their own opinions about issues in their texts, they learn to consider multiple perspectives and understand the complexity of human nature And therein lies the value of the subject – it prepares one for the ambiguities of life, to take uncertainties in one's stride.

A strong group of faculty members work relentlessly not only in disseminating knowledge amongst the young learners but tirelessly work towards the growth and development of the young minds. Through classroom activities and activities outside the classroom opportunities are thrown open to them leading to polishing their talents, gathering experiences and building their personalities. A holistic approach to learning ensures to fully activate all aspects of a learner's personality for more effective and comprehensive learning.

The Department of English of the Govt. General Degree College at Kalna-I, began its academic journey in the year 2015. The teaching faculty of the department currently consists of three Assistant Professors having expertise on various fields of Art, Literature and History. Besides taking utmost care to fulfill and nurture the intellectual inquisitiveness of the students – both within and beyond the boundary of prescribed syllabus, this dynamic department takes special care to facilitate the holistic growth of its students. The steadily growing library of the college that already has an impressive collection of English texts and reference books. In addition to this, the captivating teaching-learning methods adopted by the teachers, enthusiastic participation of students and warm teacher-student relationship ensure a learning environment that not only prepares the students for examinations but also motivates them to develop creativity, self-confidence and communication skills. Within the short time since its inception, the students of this department have left marks of their brilliance in University Examinations, Inter-Collegiate Cultural Competition, Debate Competitions, Mock Youth Parliament and multiple other fields.

Sanskrit has played a very essential role in the field of Indian society as well as Indian languages. Without proper knowledge of Sanskrit, comprehension of Ancient Indian wisdom may remain incomplete. Department of Sanskrit in our College started its journey on and from 13th July 2015 offering both B.A Honours and B.A General Courses.

The strength of the team which works together leads to the strong foundation of human bonds between teachers and students in an environment which caters to the needs and aspirations of the learners. Special monitoring of the students' progress is achieved through periodical class tests as well as special doubt clearing classes which provides them with guidance in the pathway to success.

Along with academic aspect the team of teachers' motivate the students and partake in enriching their knowledge and gather experiences through organizing seminars for students' on a regular basis. The educators constantly strive to improve their teaching skills not only as a way of doing a better job producing well-educated members of society, but also to build their self-esteem through improved work quality.

The Department takes pride in the versatile talents showcased by the students through participation in various events organized by it like verse recitation competition and Wall magazine where the students contribute, interact and learn. To encourage and aid the students thirst for knowledge a wide range of rare and renowned Sanskrit books are accessible in the College Library.

- CBCS mode of academic interaction.
- Well equipped college library with text and reference books recommended for new CBCS curriculum.
- Well-equipped Smart Classroom.
- Optimum access to Laboratory facilities for curriculum delivery of Science practical.
- A newly formed “**Computer Skill Enhancement Laboratory**” for all students to ensure ICT awareness.
- Minimum course fee in comparison to other colleges.
- Availing of various Government Scholarship Schemes based on various eligibility criteria.
- National Service Scheme (NSS Unit) grooms the learners to build social awareness and deliver community services.
- College NSOU Centre plays a vital role in providing opportunity to enroll in various certificate and correspondence courses.
- College Office provides the students with essential administrative support around the clock.
- Faculties work as vocational guides and extend their support to ensure academic, professional and mental well-being of learners.
- Students are encouraged to participate in sports. New college campus has a large play ground and necessary equipment to support Co-Curricular activities.

Students' Corner

L I B R A R Y

Library is not just another room in an academic institution. Especially in higher education, the use of library is directly related to what kind of scholastic minds the institute is going to produce. Many enlightened minds stated “I have never been to a classroom. That’s why I chose library.” Not that classroom teaching learning is secondary but in GGDC Kalna –I, we take particular interest in building a habit of using library among students. A vast majority of our students are first generation learners. Therefore using library -

- Boosts their confidence in self study
- Propagates true meaning of education
- Brings out the future scholars among them
- Helps them find the joy of learning

In addition to all these, library helps to bring knowledge without discrimination. Anyone seeking education can find anything they want from a library. Currently we have **8644** books. With ongoing CBCS structure, college library was renovated in this session and currently has thousands of books relevant to CBCS curriculum. Faculty members of each subject get involved directly with the help of library sub-committee to update the stock of books, add latest editions and include new arrivals from each subject of learning. Currently library is managed by experienced office staffs who make it their duty to serve learners as best according to the best of their ability. Library also has computer support and soon would run via relevant software to increase efficiency.

With current online classes and E- learning, we have already started using online repositories and resources by sharing links on lessons. The institution has been successful in obtaining **N-LIST (National Library and Information services Infrastructure for Scholarly Content) membership** to extend online access of e-resources. Another important development is inclusion of spacious reading room in library. Regular library oriented self study classes with the guidance from faculty members have become very popular among students. Especially with latest inclusion of vast reference books and vocational guide books, we believe college library would become a joyous experience of learning for students.

Students' Corner

Smart Classroom

- ❑ Our college has a smart class room comprising a wall mounting projection facility, smart board, audio aid to help students develop interest in respective fields of knowledge. This provides an excellent opportunity to promote ICT enabled teaching-learning methodologies along with the traditional chalk and talk methods. Innovative methods and ingenious technology, coupled with the academic progress of our esteemed faculty, provide the students with ample resources and attract them towards a better understanding of their curriculum. Moreover, it enhances their ability to delve deeper into themes and issues, develops new ideas and engages them to bring forth productive interactive sessions.

Auditorium

- ❑ The college has an 120 seated fully air conditioned auditorium with modern audio-visual aid to conduct seminars and symposia and thereby help in improving students' academic attainment. Eminent personalities and organizations visit our college premises on different occasions and deliver lectures addressing students and encourage them to learn, grow and engage towards the greater common good.

Students' Corner

L A B O R A T O R I E S

Science & Computer Laboratories

- ❑ **Department of Physics** has state-of-the-art laboratory and a dedicated computer laboratory compatible with CBCS syllabus.
- ❑ **Department of Chemistry** has a laboratory with modern equipments following the needs of CBCS curriculum.
- ❑ **Department of Mathematics** has a separate computer laboratory equipped with advanced generation of computers.
- ❑ In addition to this, our college has opened a **Computer Lab** to extend basic computer knowledge to our beloved students from different backgrounds.

Add on Courses

- ❑ The institution has already initiated **two free add on courses** for the students to equip them with necessary skillsets that would help them in the intensely competitive job market. The short duration and concise course structure have proved to be effective to a great extent as they ensure growth and development of the students in the best possible ways. The courses are duly approved by the University of Burdwan. Students will receive '**course completion certificate**' after fulfilling all the relevant criteria.
- ❑ **Course I: Communicative & Functional English**
The course focuses on four basic language skills: listening, speaking, reading and writing along with an emphasis on grammar, vocabulary and phonetics.
Course Duration : 30 hrs.
- ❑ **Course II: Basic Computing**
The course focuses on the fundamentals of computer, operating systems, Microsoft Office and other salient components of information technology.
Course Duration : 36 hrs.

Students' Corner

S P O R T S & G A M E S

The college provides its students with games and sports facilities. The college sports room has arrangement for indoor games like carrom. There is also a badminton and volley ball court in the college campus. The college also provides the opportunity for regular practice of various throwing and jumping events. The college organizes annual sports in its own play ground each year (organizing events like various running, competitions, races, jumping and throwing). Besides this, the college also participates in various inter-college sports events. The college distributes prizes and certificates to its students during the annual sports.

During Covid, the institution organised "Online Sports" in categories like Sports Quiz, Story telling , Crossword Puzzle & Yoga. As things started to get back to normalcy, the on-campus annual athletic meet was organised in 2022. Students participated in different events like 100m Race, 400m Race, Relay Race, Shot Put, Discus Throw., Javelin Throw. The participants' effort was duly appreciated during the Prize Distribution Ceremony.

Students' Corner

- ❑ College NSS unit was opened in the year 2017.
- ❑ Regular programs with direct participation of students took place.
- ❑ e.g. HIV awareness programme, Observation of Constitution Day, Tree plantation programmes, Swachhta Pakhwara program, Awareness programs in neighbouring locality etc.
- ❑ During the pandemic situation, college students continue to engage themselves in Social Outreach Programme by helping local needy villagers by supplying foods and sanitization materials.

4. 18/09/2021 – Glimpses of Mathematics in Ancient India
5. 29/09/2021- 30.09.2021 – National Webinar on the Concept of Mukti in Indian Philosophy and Literature by Dept of Sanskrit
6. 01/01/2022 – 07/01/2022 Students' Week Observation (Drawing and Essay competition & Cultural Events)
7. 23/01/2022 - 'Smarane-Barane-Manane Netaji' - Celebration of 125th birth anniversary of Netaji Subhas Chandra Bose
8. 06/02/2022 - Singing and Recitation Competition on the occasion of Saraswati Puja
9. 21/02/2022 – Observance of International Mother Language Day (in association with Department of Bengali)
10. 26/04/2022 – Seminar-Women of 21st Century – Issues & Challenges

Few Cultural Milestones

11. Our students have participated in the **2019-20 Inter Collegiate Culture Competition** and achieved the **1st, 2nd and 3rd** positions in singing and dancing respectively.
12. Our students have participated in the **Mock Youth Parliament Competition, 2019-20** and secured the **3rd position** in individual merit.
13. Our students have also took part in the **Debate Competition held in Hooghly Women's College 2019-20** and secured **2nd** position.

Teaching-learning Methodology during Pandemic

O N L I N E S T U D Y

Following the Covid-19 Pandemic, various online teaching-learning methodologies were adopted by the College for the smooth conduction of academic activities:

- ❑ Implementation of LMS (Learning Management System) via Google Work Space for Education.
- ❑ Creation of dedicated Workspace IDs for all students through college domain.
- ❑ Conduction of online classes in Google Classroom with access to the recording of lectures.
- ❑ Use of Google Classrooms as repository of study materials and lecture notes.
- ❑ College also has a dedicated E-Learning portal to share e-learning resources and arrange Online Examination.
- ❑ Conduction of lab experiments using Virtual Lab and FOSSEE.
- ❑ Communication with the students through dedicated SMS gateway.
- ❑ Apart from teaching the entire syllabus, the faculties arrange extra tutorials, remedials and practicals as and when necessary.
- ❑ In addition to the university prescribed mode of examination and evaluation, teachers take recourse to formative assessment to identify gaps in students' knowledge.
- ❑ Online Mock tests are conducted to prepare students for the semester end online examination.

Teaching-learning methodology during pandemic

W E B I N A R S

To push the boundary of knowledge beyond regular classroom activities, the college organizes regular Seminars. Due to the outbreak of pandemic of COVID-19, last year seminars were conducted in online mode.

Green Campus

- ❑ Sustainable living has become an essential way of life for future generations. Therefore, education plays a vital role in inspiring young learners to maintain an ecological balance and become “**Green Citizens**”. Green campus is one such initiative towards that direction.
- ❑ GGDC Kalna-I focuses on “**Green Campus**” by creating awareness, sharing knowledge and inculcating eco-friendly environment. The college administration plays an active role in implementing environmentalism into practices of daily life.
- ❑ College authority also wishes to use alternative energy resources, rain water harvesting, reuse and waste management etc. Presently, we have a lush green college campus which is a “plastic free zone”.
- ❑ Awareness programmes in collaboration with NSS, sensitization through expert–learner interaction are held on regular basis. Owing to its rural location, learners already have strong affinity towards nature and its beauty. The institute is looking forward to use all these human resources and natural resources to extend the idea of green campus into sustainable “**Green Locality**”.

World Environment Day Celebration

AQAR Preparation

We have prepared and submitted **AQAR** for the Academic Year **2019-20** which is an initiation to obtain accreditation of this institute through **NAAC** in near future. AQAR preparation for the academic year 2020-21 is under process

NPTEL Local Chapter & N-List Membership

We are proud to announce that the institute has been registered as a **NPTEL local chapter** through SWAYAM portal. In addition to that The institution has been successful in obtaining **N-LIST (National Library and Information services Infrastructure for Scholarly Content) membership** to extend online access of e-resources.

Reduced Admission Fees

Taking into consideration the financial restraints of this rural belt, the institution has decided to **waive sessional fees** for the current semester.

Hassle-free Form Fill-in & Admission

College has launched a **hassle-free** online Admission & form-fill up portal along with fee payment gateway, with an option to check subject combinations and mobile number.

Student Data Management

Students have always been the backbone of an educational institution. To preserve the relevant data of the primary stakeholders, the institution has developed Integrated Student Database Management System.

Outcome based Educational Parameters

The college strictly adheres to the outcome based educational parameters with preparation of course outcome, lesson plan and graduate attributes.

Solar Cell Installation

Installation of Solar cell in Electrical grid of the college has been completed as a measure to generate renewable energy and ensure its optimum usage

Internal Quality Assurance Cell

The College has a very dynamic Internal Quality Assurance Cell (IQAC) composed with renowned figures ranging from Academicians to Physicians. Here is details of the same.

Neetu Chettri Assistant Prof. Dept of Education iii) Dr. Mahatsab Mandal Assistant Prof. Dept of Physics iv) Dr. Subrata Das Assistant Prof. Dept of Bengali v) Dr. Bidyut Kumar Das Assistant Prof. Dept of Bengali vi) Shri. Anirban Banerjee Assistant Prof. Dept of English
6.	Coordinator	Dr. Parnajyoti Karmakar Assistant Prof. Dept of Chemistry

Things to follow in our College

- Students must be well informed about the notices displayed on the college notice boards/College Website.
- Regular attendance as per University norms is obligatory for each student to appear in the University Examination.
- Students are to submit application to the Principal for Character Certificate, Railway Concession, Identity Card, etc. at least 7 days in advance to the Principal's Office.
- Students admitted to this college are to abide by the Rules and Regulations of the College, University and orders of the Principal. No student can plead ignorance of such rules and orders.
- Ragging in any form is strictly prohibited. Report on this matter, if found true, would lead to cancellation of admission or suspension for an academic year.
- Students are advised to present themselves in dresses in tune with the environment of an educational institution.
- The College Authority holds the right to issue transfer certificate or rusticate a student found guilty of an offense or undisciplined behavior, if it considered that such action is necessary in the interest of the college, without assigning any reason.
- A student must carry with him/her updated Identity Card issued from the Student Section of the College.
- Students must keep the college premises clean and maintain the sanctity of the college. Silence is to be observed. The corridors, staircases and the college premises are not meant for loitering and lounging.
- If a student is absent from the classes without notice and without proper reason for more than 15 days, his/her name would be struck off from the college register.

Eligibility Criteria

B.Sc. & B.A. Honours courses

Eligibility* : 45% marks in the Subject applied and 45% marks in aggregate in H.S. or equivalent board exams

Aggregate calculation As per BU rules

$$\text{Merit Index} = 0.4 * X + 0.6 * Y$$

X= % of marks in Madhyamik or equivalent examination.

$$Y = Z + W$$

Z= Total of best five subjects' (including at least one language) in H.S. /equivalent exam marks (in percentage).

W= Marks in the subject applied.

In absence of honours subject in Higher Secondary or equivalent, higher mark between Bengali and English will replace the honours subject's mark.

B.Sc. & B.A. General courses

Eligibility: Passing H.S. or equivalent board exams

Aggregate calculation: As per BU rules

Merit index = Total of best five subjects' (including at least one language) in H.S./equivalent exam marks (in percentage)

Detailed Tie-breaking policy can be found in College website.

* Eligibility criteria is subjected to B.U. admission guidelines for A.Y. 2022-23.

Miles to go

Infrastructural developments

- Addition of class-rooms
- Round the hour power back-up facility
- Separate Science Building

Academic developments

- Add on course on value education.
- Vertical and horizontal expansion of academics.
- Organizing more student seminars, science fairs to expose students with cutting edge technology and augmented perception.
- Introduction of Skill Development Programs for enhancement of students' employability.

Commitment towards society

- Village adoption through NSS unit of the college.
- Science awareness program for local villagers.
- Visiting nearby feeder agencies to promote educational atmosphere.

Few final words

C O N C L U D I N G R E M A R K S

Government General Degree College at Kalna-I as a team is thrilled to look forward to the new academic session of 2022-23 with you on board. The platform of interaction might be virtual or face-to-face but be sure, we will be there for you all. With pandemic related challenges, the college administration has already arranged for the lowest fees possible for admission. You will continue to be our priority. Let's make this journey, make good use of excellent opportunities provided by the esteemed faculties and infrastructures to explore your potential. Let us follow the essence of what our beloved poet once remarked, so that we can learn and grow together, "...the power of education which is one with life and only which can give us real freedom , the highest that is claimed for man, his freedom of moral communion in human world."
