

Department of Chemistry
Celebrates in association with NSS & IQAC, GGDC, Kalna-I

Notice NO. 05/2023/CHEM

Date: 26.05.2023

WORLD ENVIRONMENT DAY, 2023

World Environment Day on 5th June, 2023 is hosted by Côte d'Ivoire in partnership with the Netherlands. The theme will focus on solutions to plastic pollution under the campaign “**Beat Plastic Pollution**”. The world is being inundated by plastic. More than 400 million tonnes of plastic is produced every year, half of which is designed to be used only once. Of that, less than 10 per cent is recycled. An estimated 19-23 million tonnes end up in lakes, rivers and seas. Today, plastic clogs our landfills, leaches into the ocean and is combusted into toxic smoke, making it one of the gravest threats to the planet.

On this occasion, Department of Chemistry in association with NSS and IQAC, GGDC, Kalna-I is going to organise a Seminar along with extempore/short speech and poster presentation competition on 05.06.2023 at 12 PM onwards. Interested students should enrol their names through below mentioned link. Participation of all the faculty members and students are highly solicited to make the event successful.
